How to order:

Step 1. If mailing or faxing your order make sure to print clearly. You can send us the details and the number of your wording choice or include your custom wording. Please highlight any unique spelling or capitalization. Feel free to send along an additional page with wording or wording can be emailed to wording@afavor4u.com

Step 2. Mail your pictures with your order or scan them at 300 dpi or better and email them to pics@afavor4u.com. If mailing the pictures send along a self addressed stamped envelope and we'll return them.

Step 3. Don't forget to include either a check or money order or your credit card number and expiration date.

Step 4. Include your email address so that we may email you proofs of your photos and a final proof of the invitation, save the date or program.

Photo selection tips: We can work with most pictures, but for best results pictures should be *similar quality, focus and lighting*. Remember the quality of the final product is affected by the quality of the photos you send us. We can repair minor damage caused by cracks, scratches, fading and age, but if the original picture was in bright sunlight or very bright flash facial details will be lost. Similarly if the picture was poorly lit or focused it will have a negative impact on your final picture. Facial clarity is most important, make sure facial details are clear and visible. Different sizes are fine, but try not to select photos that are too small. It's much easier to reduce size than it is to increase it.
